NSBA'S KEY WORK OF SCHOOL BOARDS SESSIONS

RIASC will be sponsoring sessions at Bryant University's Hassenfeld Institute on NSBA's Revised Key Work of School Boards

NSBA has identified the core skills that effective boards need to ensure that all students achieve at high levels. Together these skills form a framework for effective school governance. This is called the Key Work of School Boards.

"With these skills, boards can guide their vision to fruition by exploring, questioning, assessing, and working with others to improve outcomes for today's students as well as America's next generation."

NSBA has recently revised the Key Work of School Boards and curriculum has been designed by Bryant University for school committee members on each element of Key Work.

Our first session was held on October 3, 2015. Watch your email for further details regarding upcoming Keywork professional development sessions.

RIASC members who attend will be granted professional development hours toward RIASC's Leadership Academy.
